## **Chopsticks NY Magazine will Suspend Publication**

Trend Pot NY, LLC (Tetsuji Shintani, President/CEO) regrets to announce that Chopsticks NY magazine will be discontinued with the June 2019 issue (Vol. 146), published on May 24.

First published in May 2007, the free monthly magazine centered on the theme of "Experience Japan in New York" has taken on a unique approach to share information on Japan in English for the non-Japanese living in New York. The magazine has established a steady readership and fandom, being supported by not only Japanophiles but also New Yorkers constantly looking for new subjects. However, publishing a print magazine monthly has proved to be difficult in the fast-paced, information-flooded digital and social media era. After the suspension, our back issues will remain accessible via the link provided below, and our website will also remain accessible although there will be no information updated. We express our most sincere gratitude to you for all your cooperation and support given to us throughout all these years.

The sister newspaper, "Weekly NY Japion" will continue to be published, and Trend Pot NY will make efforts to fully support your business.
